

# Get Faster Reimbursement with Direct Deposit

HealthComp is excited to offer direct deposits through ACH. ACH allows for electronic payments, which means you can receive your reimbursements directly into your account instead of by a paper check through the mail. This will make receiving payments faster and more convenient.

## Signing up for ACH is easy

1. Go to [HCOOnline.Healthcomp.com/LAFRA](https://HCOOnline.Healthcomp.com/LAFRA) and register. During the registration process, you'll see a section titled ACH Information.

If you have already registered, you can sign up for ACH in the profile screen. To access your profile, simply click your username on the top right corner of the page.

2. In the "ACH Information" section enter your checking account routing and bank account numbers, then click "Save".
3. After clicking on "Save", your status will show as "Pending". Please allow 7-10 business days for banking information to be validated. Once the information has been validated, you will see "Validated" at the top of the ACH section.
