

## EPO Plan Open Access Automatic Tier 2 Services

### What does Open Access mean?

Open Access means, there are a limited number of specialist available or the service is **not available** in the Tier I provider network, therefore members can access the Tier II provider network for medical services.

\*\*Note, services rendered by a BCBS Tier II provider will be subject to the Tier II benefits.

Below is a list of services and specialist that are considered as Open Access:

- Audiologist
- Coronary Surgery
- Dialysis
- Oncology
- OB/GYN
- Open MRI\*\*
- Pediatrics
- Physical Therapy
- Transplant
- Wound Care
- Urgent Care

Please note, the above list is subject to change, so please check the Tier I provider directory or call HealthComp Customer Service at (833) 439-0046, before services are rendered.

\*\*New service added
