## EPO Plan Open Access Automatic Tier 2 Services

### What does Open Access mean?

Open Access means, if a specialist or service is **not available** in the Tier I provider network then members can access the Tier II provider network for medical services.

\*\*Note, services rendered by a BCBS Tier 2 provider will be subject to the Tier 2 benefits.

Below is a list of services and specialist that are considered as Open Access:

#### **Services not available:**

- Audiology
- Durable Medical Equipment (DME)
- Gynecological Oncology
- Home Infusion Services
- OBGYN (All Services)
- Occupational Therapy (OT)
- OP MH Services
- Orthopedic Oncology
- Pain Management
- Pediatrics (All Services)
- Speech Therapy
- Urgent Care
- Wound Care
